Contestant Bio

Kelshia Dunn was born on April 25, 1990 to parents Cuthbert Breezie and Alex Brown in the village of St Joseph. Her primary education started in her birth village and continued at the Isaiah Thomas Secondary School. During her academic tenure, both Kelshia and those around her discovered her academic excellence accompanied by her artistic nature and flair for the dramatics.

During that time, Kelshia was able to hone in on her passion for dance and social activities which propelled her to become involved in community cultural groups, leadership of interested young dancers and drama activities in her community.

Kelshia's familial background has not yet allowed her the opportunity to pursue her desire to be a radiologist but that has not kept her from following her desire to succeed as a person who contributes to her society. In that regard, she is currently employed as an Escalation Support Specialist at Clear Harbor Dominica Ltd., where she gets to carry out her social responsibility by assisting both the frontline employees, local leaders and corporate influences in determining the path required for the success of the company through its staff populace. Of course, this is a perfect opportunity for her growth. During her tenure at Clear Harbor, she has taken all opportunities offered as it relates to leadership skills enhancement, and of course the financial stability that the job offers in terms of arriving at her scholastic ambitions.

Kelshia's motivational drive comes from her own desires to be an asset to her society, in addition to the motivational tactics experienced through her professional and personal exposure.

Kelshia's aspirations for pageantry come from her longing to give back to the society that has raised and encouraged her from a path of destructive youthfulness to one of responsibility, recognition of self-respect and determination. She wants to prove to people of humble beginnings like herself, that there is no room for self-pity or the acceptance of psychological poverty.

Kelshia is determined to walk away with the crown as the 2013 Queen of Dominica and to shine like no other "ordinary" girl has ever shined before. Following the general guidelines offered by her mentors; she wants her peers and fellow citizens to recognize their potential as part of a state with a social responsibility to all of its members.
